Dream Sharing is willing to offer personal support, encouragement, and advice for increasing satisfaction with your life.

At the same time, the Dream Sharing staff has needs for support, encouragement, and advice.

Dream Sharing is open to receive support in a variety of ways. One way of providing support is financial.

We request a payment of $250 for interactions which lead to preparation of the initial dream as published on the Dream Sharing site http://dreamwiki.info

This includes a minimum of one hour personal contact time with a Dream Sharing staff person.

The initial session is followed by monthly support sessions at $60 a session. This includes at least 30 minutes of direct contact time.

Contact can be provided world-wide in many ways, e.g. in person, on site, video-conferencing, telephone calls, or e-mail.

We in Dream Sharing are very willing to discuss other ways of assisting both you and ourselves so that all our needs are met.
